

Exploring stronger collaboration within the Ukrainian community in the Netherlands

Across the Netherlands, many **Ukrainian organisations**, networks and initiatives are supporting Ukrainians, connecting people and bringing **Ukrainian perspectives** to the attention of society and government.

The Dutch Council for Refugees would like to explore together with the Ukrainian communities how these existing efforts could be better connected, and how cooperation and **representation** could be strengthened.

What we want to explore?

The **aim** is to understand what is needed, where closer **cooperation** could add value, and what **forms** of **collaboration** could work in practice.

Who we are looking for?

We would like to hear from people who:

- **represent** an Ukrainian organisation, community, initiative or network in the Netherlands (maximum 1 person per organisation); or
- are **key figures** within the Ukrainian communities.

The exploration will include **interviews**, community **conversations** and **work sessions** with Ukrainian organisations, networks, initiatives and key figures from different parts of the Netherlands.
